

July 24th, 2009

Dear NYAC Families,

Hopefully this letter finds you enjoying your summer! Even though the upcoming swim season is sometime away, it is time to prepare for September. Enclosed with this letter we have included instructions on completing your registration.

NYAC is an exceptional club for age group development swimming. The Board of Directors is committed to maintaining a high quality competitive swimming environment, excellence in programming and coaching, and a warm, supportive family atmosphere that makes our club unique.

The Board of Directors is guided by our club philosophy, short and long term goals, and the needs of its members. This demands financial discipline in all areas of the club's operations to ensure a balanced budget. This is even more pertinent this year as we have additional financial responsibilities with a growing membership and staff and increased pool costs and increased permitted pool time. The Board is determined to keep membership fees as low as is consistent with meeting these strategic plan objectives.

As a result of solid financial policies, NYAC is in a good financial position and would like to continue this practice. The Board of Directors supports the proposed fee structure for next year enclosed in your package. The membership fee increase of 2% is needed to support the resources needed to pursue the club's mission. Excellence in our programming and coaching as well as an increased number of swimmers staying with our program, particularly at the age group level of 12 years and above, has given us the opportunity to grow our Provincial 2 program and expand our programming with the addition of a Senior Group. We have survived the threat of pool closures, and look forward to the positive outcome of expanded programming and staff for your athletes.

During the past year, NYAC has accomplished much and recorded many impressive achievements thanks to the efforts of the entire NYAC community, including you and your swimmer(s). We have experienced growth in our membership of over 64 members that we have not seen for sometime. With your continuing support, we are confident that NYAC and its athletes will realize additional successes in the coming year.

From your registration package, we ask that you please print and fill out the appropriate registration documents, include your membership fees and mail or deliver to our office by September 2, 2009 to ensure a place is confirmed for your swimmer for the coming swim season.

We look forward to seeing you once again on the pool deck!

Sincerely

Natalie Lychy
President
NYAC Board of Directors
