## POINSETTIAS TO DECORATE YOUR HOME AND TO GIVE AS GIFTS

Once again the London Aquatic Club is offering quality Christmas plants for sale. All prices shown include the PST and GST. Only those plants shown as Christmas Wicker Planters will have a wicker basket, all others will be in a plastic pot covered with foil. The Christmas Wicker Planters come with a mixture of tropical plants and a poinsettia. The Christmas Mixpot will have one or more poinsettias (depending on the size purchased) and a mixture of different types of plants. A picture will be posted on the bulletin board at CGAC to show the different colours of poinsettias available. Some are self explanatory however, Jingle Bell is red with some white spots and marble is pink with white on the edges.
